

TUTERA

senior living & health care

Joe Tutera, CEO

FOUNDER'S DAY

Est. March 31, 1999

Dominic F. Tutera, MD

March 31, 1926 to April 6, 1998

“Over the course of 30 years, Doc pursued consistency. Consistency in his attention to detail, his compassion, his dedication and his desire to do the best for those he was entrusted to care for. It is no surprise that his life was abundantly full of love joy, happiness, confidence and optimism and that those around him shared in his bounty.”

~Joe Tutera, CEO

Dr. Dominic “Doc” Tutera started Tutera Group in 1985 after retiring from a 30-year career as an OBGYN. Being a physician was a way of life, not a career for Doc. It was a life he loved in every way. He served above and beyond any standard of integrity, compassion and care expected by others.

Doc instilled the same values in his company that he lived by as a physician, father, friend and coworker. Through his work, he was able to bring satisfaction and happiness to many employees, patients and residents, sometimes in small ways and sometimes in profound ways.

Doc was a generous man, and that generosity lives on in each of us and as an organization. *Tutera Senior Living & Health Care, through Doc's Inspiration, has chosen and is committed to caring for our seniors through developing and instilling integrity, respect, hospitality and positivity in our company's culture and relationships.*

Founder's Day is a day to share our common values of family, friendship and generosity, inspired by the life of our Founder. It is an opportunity to do something unexpected for others in the spirit of generosity, compassion and care as a tribute to the way Doc lived his life.

Doc left this legacy to help guide us and honor the company that bears his name. Twenty-four years after his passing, this legacy stands strong and proud of its culture, values and heritage – they are the very values he lived.
